FAQ

When is the best time to take the ACT?

In general students are encouraged to take the ACT by the end of their junior year. Some take it as early as the end of their sophomore year. Taking it at the end of the junior year allows a student time to retake it if he or she wants to get a higher score. At the end of the year a student will also have just completed another year of English and math, which will help on the ACT. Some students also find it very helpful to take the ACT immediately after an ACT PREP course.

Should my son/daughter take the ACT or the SAT?

The TOPS program in Louisiana accepts either the ACT or the SAT. Colleges and universities in Louisiana accept the ACT or the SAT for admission. Most colleges or universities outside Louisiana accept either the ACT or the SAT for admission; students should check each college's admission requirements. It may be beneficial for a student to take both tests in order to discover on which test he or she scores higher.

PREREQUISITES

Students will benefit from the course if they have already completed English 2, Algebra 1, and Geometry.

What are parents saying about the results from our last class?

I am so excited about Joseph moving from a 17 to a 25 on the ACT, he was hoping to crack a 20!

-Linda Middleton, parent

I just wanted to let you guys know that the ACT class did make a difference, Andrew scored at 35 on his latest ACT!!! Raised his score by 3 points! Well worth the money!

-Dawn Lewis, parent

Steven and I are so proud of Dylan! Thanks for all your help. His score went up 4 points!

-Shelly Rogers, parent

Kade went up 2 points!

-Kelly Cardenal, parent

If we offered the ACT Nola class again, I would strongly recommend. Trent thinks it really helped to prepare him.
